

## Heavy Duty Stainless Steel Cord Reels

Reelcraft's new stainless steel power cord reels are designed for applications where corrosion or sanitation are a concern. The heavy gauge 304L stainless steel provides an easy to clean finish and superior corrosion resistance. A robust collector ring assures maximum conductivity current flow. All reels listed include a 4-5' pigtail, multi-positional guide arm, and adjustable cord stop. Models listed are for indoor, non-weather-tight applications only.

**NEW!**

LS 5445 123 3MWC

### Features

- ✓ **Quiet** - These reels utilize a cam latching system, making them much quieter and smoother than other reels in their class.
- ✓ **Compact** - A space saving design makes them ideal for minimum space requirements.
- ✓ **Superior strength** - A robotically welded base, engineered structural supports and high-grade industrial 304L stainless steel combine to give this reel superior strength and stability.
- ✓ **Long life drive spring** - Declutching arbor virtually eliminates possibility of spring damage due to reverse winding. Only the highest quality spring steel is used and conditioned to insure there are no imperfections offering maximum service life.

For indoor non-weather tight applications only. \*Reel includes white cord and white electrical enclosure. \*\*The GFCI Receptacle is designed to protect from line-to-ground shock hazards. The Ground Fault Circuit Interrupter does not protect against short circuits or overloads; this is the function of the fuse or circuit breaker.

Models listed with an icon can ship same day upon request when the order is received by 1:00 PM Eastern Time for quantities of 10 or fewer.
