## Special Powder Coat Paint Colors Customize your reel color with special paint options

Reelcraft is most well-known for its bright red reels, but we also paint secondary colors and special order colors. Reelcraft uses a rigorous cleaning process on raw parts prior to paint. After this process is complete, parts are then coated with a high quality, durable polyester powder coat paint for a uniform, corrosion resistant finish that will last through years of service.

Reelcraft frequently paints secondary colors - white, black, blue and gray. There is no set-up charge for secondary colors, only a variable per unit charge. We thoroughly clean our booths and tools prior to painting special order colors therefore require a one-time set-up charge in addition to the variable per unit charge.
