

New Product Announcement | Series SW

Heavy Duty, Spring Retractable Single Line Welding Hose Reels Series SW

The new Reelcraft Series SW single line hose reels expands the industry leading welding series and is specifically designed to improve work area safety and increase efficiency and productivity when transferring fuel gases.

Reel

- Hard coated wear-resistant aluminum double-sealed full flow swivel
- Corrosion resistant baked-on powder coat

Hose

- Ideal for welding service – meets ARPM IP-7 and CGA E-1 standards for T-grade
- Non-conductive
- **Tube:** Synthetic rubber compound compatible with all common welding fuel gases
- **Reinforcement:** Spiral synthetic yarn
- **Cover:** Red synthetic rubber ribbed surface

Fuel gases commonly used in the welding, pre-heating, soldering, brazing, laboratory, heat gun, and cutting industries including, but not limited to, Acetylene, Hydrogen, Methane, Natural Gas, LP Gas, Mapp, and Propane

SW5450 OLPT
